

## AUTOCROSS HEAT TIMES 31 JAN 2007

We are still experiencing a number of issues with the timing. The operators of the computer timing system are learning quickly on the differences between Speedway and Autocrosses and now have a far better idea of what is required. We have also had a problem with a few cars having the wrong transponder fitted and the cars with two drivers has created a few challenges. We are confident most of these problems will be overcome. The times for the finals were done by stop watch but unfortunately due to technical difficulties we were unable to record the finals. We will be working hard to have all this resolved by the next meeting on 14 February and we look forward to seeing you then.

CAR NO	SURNAME	FIRST	CAR	CLASS	HEAT 1	HEAT 2	HEAT 3	HEAT 4
2	MACARA	JOHN	SUBARU IMPREZA STI	GRADE 1 - 4WD		01:22.4	01:17.4	01:14.7
